## Bernina L890

With the **Bernina L890**, it's easier than ever to get perfect overlock, cover-, chain- and combo stitches. Create professional seams, edges, and hems with all of the functions of an overlocker and cover-/chainstitch machine in one spectacular model. Sew, cut and finish in one easy step, create professional seams and hems in garments, home textiles, craft projects and more, or sew heavy linen, fleece or denim with a chainstitch then neaten with an overlock stitch at the same time. The opportunities are endless!

You'll also be able to create one-of-a-kind effects and stitches with decorative threads and save stitches for future use, use differential feed for pucker-free seams or gathering and ruffling, and quickly attach trim, lace, elastic or binding with a stretchable coverstitch or durable chainstitch.

Discover the possibilities yourself! Sewing and Vacuum Authority has **2 L890 machines in stock**.

## Brother SB170

The **SB170** from the **Simplicity® Limited Edition** line by **Brother™** is a fun and user-friendly sewing machine. It is easy to use, transport, and explore with. It features 17 built-in stitches, which include one 4-step, auto-size buttonhole, and a special pattern selection dial that makes it easy to navigate between stitch styles. We know that projects can go late into the night, which makes the brightly-lit LED work area particularly helpful, but the SB170 has plenty of other features that aim to make your sewing projects easy, such as the streamlined bobbin winding system, easy-to-use blind hem stitch feature, jam-resistant drip-in top bobbin, and upper thread tension control.

~~\$299~~ **\$149**

Contact our **Clarksville location at (812) 283-8424** or visit our store at **914 Eastern Boulevard, Clarksville, IN 47129** to check out this reconditioned Brother SB170 and enjoy our free 1-year warranty on all pre-owned machines today!

**Brother SC9500**

The **Brother SC9500** is the perfect sewing and quilting machine for those looking for features usually found in high-end machines without the high-end price attached. With the 90 built-in utility, decorative, and heirloom stitches, each with multiple stitch functions that equal 120 combinations in total, including a sewing font for basic monogramming, the SC9500 offers it all. Topped off with the whopping 8 staples of one-step, auto-size buttonholes, there aren't many limitations as to what a sewist can do!

Take advantage of the wide, oversized table for quilting and larger projects, the automatic needle threading, the drop feed for free-motion sewing and quilting, a large, backlit LCD screen display, fast, automatic bobbin winding, and one-step bobbin replacement and invest in your sewing experience with the SC9500.

~~\$299~~ **\$149**

## Brother PS3734T

**The Brother Pacesetter** is a fast and versatile sewing machine! It has three and four thread options, plus two needles that have three and four settings with differential speed. There's even a free arm for hard-to-reach places like trouser legs and sleeves. You'll create faster than ever, with speeds up to 1,300 stitches per minute. Additionally, it has blind stitch and gathering feet to help you adapt to different projects. Plus, its color-coded thread guide helps you thread quickly and accurately. A LED-lit workspace and wide table give both lighting and extra space for projects, and a trim trap collects scraps as you work to keep your space clean.

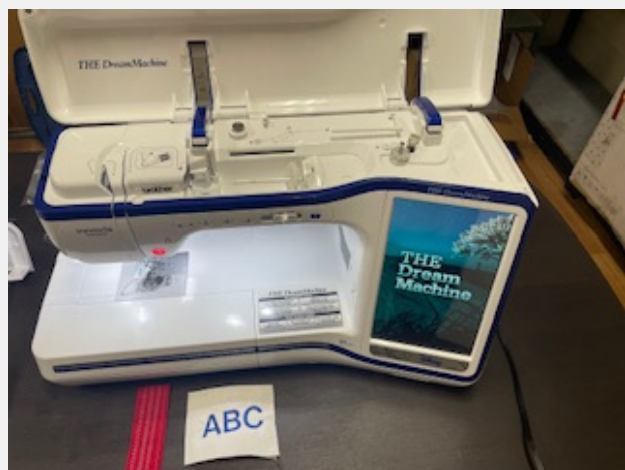

- Advanced needle threading system and automatic thread tension
- On-screen editing includes letter editing, enhanced zoom, resizing, rotating, repositioning, and combining designs
- Embroider designs at up to 850 stitches per minute
- Built-in USB port to import designs from your memory stick
- Automatic feed thread cutting cuts thread between color stitch blocks for your convenience

**Brother NQ1700E**

The **Innov-is NQ1700E** embroidery machine comes equipped with plenty of convenient functions to help your projects soar. Its available working space alone with an 8.3" length from needle to arm, 6" x 10" embroidery area, and 4.85" color LCD touchscreen display lend to projects of all sizes and difficulty. Your touchscreen functions don't stop at a suitable size, though – it also offers on-screen editing features, enhanced zoom, resizing, rotating, repositioning, drag and drop, and the ability to combine designs for designs that are perfect and personalized every time!

Also featuring an automatic thread cutting and trimming system, the Innov-is NQ1700E seeks to make your project as clean as possible, whether it's a personalized design of your own or one of the included 258 built-in embroidery designs, 140 frame pattern combinations, or 13 embroidery lettering fonts that you use! And if those designs don't suit your needs, there's always the Design Database Transfer function to import your files and an iBroidery compatibility that allows you to easily shop the thousands of designs for purchase on the platform. There's certainly no stopping creativity with the Innov-is NQ1700E embroidery machine!

## Handi Quilter Capri

The **Handi Quilter Capri** packs a lot of punch in a small space while enabling you to take your free-motion quilting to an entirely new level. This machine is a popular quilting choice for those wanting a big machine that works well in a more compact space. With perfect stitches you'll be proud to show off, this is a great option for new to intermediate quilters looking for plenty of bells and whistles that make getting started easy.

The HQ Capri provides quilters with four times the quilting space of a typical home sewing machine, thanks to the 18 inches of throat space and eight inches of vertical space. Known for combining speed and function, this quilting powerhouse puts out up to 2,200 stitches per minute. Adjustable stitch regulation gives you complete control every stitch of the way. Enjoy the walking stitch plus five basting stitch options, and choose presets to save all your favorite manual mode stitching options.

## Viking Mega Quilter

**The Mega Quilter** from Husqvarna Viking is a high-speed, straight-stitch machine. It has everything a quilter could want, from speed to spacious design to the ability to achieve spectacular results. At full speed, the Mega Quilter sews an amazing 1,600 stitches per minute. You can piece blocks together or join them with sashings and borders. All of this helps you to assemble and quilt your quilt in half the time with half the effort!

One of the most beneficial design elements of the Mega Quilter is the extra large working area, which measures 9" x 6" between the needle and the machine arm. You'll be able to quilt even the largest quilts with ease.
